Executive Summary

Watershed Vegetation Fire-Emergency Preparedness and Hazard Mitigation Pays Off

Shortly before 10 am this morning, a wildland fire was reported near northbound Hwy 280 west of Belmont. Cal Fire responded and received assistance from several neighboring fire departments, including Belmont Fire. Because of an aggressive fire attack and excellent cooperation of responding agencies, the fire was brought under control by noon. As of this update, fire crews remain on scene looking for hot spots and ensuring that the fire is completely out.

The cause is under investigation by Cal Fire, but appears to have been started by a disabled vehicle on Hwy 280. In all approximately 7 acres burned. There were no injuries and no structures were damaged. Another factor that helped keep this fire contained to the watershed area, was vegetation management in both the watershed area and in the neighboring Belmont Heights Neighborhood. Emergency Preparedness and Hazard Mitigation pays off!

The City Of Belmont Needs Your Help to Plan For Future Emergencies

The City is preparing a Local Hazard Mitigation Plan (LHMP), where potential natural and human caused hazards that threaten our community are identified such as earthquakes, fire, flooding and the effects of climate change. The plan will also explore how these hazards would impact our community and identify the best ways to mitigate them, with a goal of saving lives and reducing property damage. Community input is vital to the development of this plan and we encourage the public to participate in both the development process of Belmont's Local Hazard Mitigation Plan and to comment on the draft Local Hazard Mitigation Plan, prior to the City seeking final approval from the Federal

Emergency Management Agency. We want to hear from you on what you feel are the hazards facing Belmont and where we are and what we need to do to prepare. Please take a few minutes to participation in our Local Hazard Mitigation Survey. <http://www.belmont.gov/how-do-i-/contribute/online-surveys-forms/hazard-mitigation-survey>

Belmont Fire Department Civic Engagement

Battalion Chief Kent Thrasher and Fire Chief John Healy attended the Belmont Rotary's Lunch Meeting at last Monday. Kent provided members an overview of the fire department, including how service delivery is provided not only in Belmont but county-wide as well as Belmont's shared management services and truck service with the cities of San Mateo & Foster City. Kent also provided up to date information on the wildfires burning throughout California.

Chili Cook-Off Benefiting MDA a Huge Success

This year's San Mateo Firefighters Association's Annual Chili Cook-Off which took place on Saturday, August 29th was again a huge success. Belmont Fire Department won the Judges Choice Award and San Mateo Fire Department won the People's Choice Award. In all, there were twelve booths, (six fire agencies & six restaurants) and all the proceeds went to the Muscular Dystrophy Association (MDA). Congratulations to all who participated.

AMERICAN CANCER SOCIETY

RELAY FOR LIFE

Battle of the Badges- Benefiting the American Cancer Society

BATTLE OF THE BADGES

FIRE vs. POLICE SOFTBALL GAME

Saturday, Sept. 19th 10:00am-3:00pm

Carlmont High School Softball Field (1400 Alameda de las Pulgas, Belmont, CA 94002)

Come out and show your support!

*\$5 for Kids & \$7 for Adults * Raffle Prizes from the SF Giants * BBQ
(ALL PROCEEDS GO BACK TO THE AMERICAN CANCER SOCIETY)

Friday Night Lights – Carlmont Home Game Tonight

Carlmont Scots will play their first of four home football games tonight on Scots Field against Aragon High. Junior Varsity plays at 4:00 pm followed by Varsity at 7:00 pm. Come out and support the local youth sports and performing arts – Carlmont Band and Drum Line will perform.

Long Range Property Management Plan (LRPMP)

After a long and arduous effort with State's Department of Finance, the Successor Agency's Long-Range Property Management Plan was approved.

**WELCOME TO THE CALIFORNIA
DEPARTMENT OF FINANCE**

This was the last, significant matter that was outstanding which required state approval in the dissolution wind down process of the prior Belmont Redevelopment Agency.

Belmont Pavement Reconstruction Project – September 4th Update

The bioretention area on Lower Notre Dame Avenue and roadway striping on all three project segments was completed this week. The majority of the remaining work will not require full street closures.

Remaining work includes raising manholes and valves, installation of signs and inlets, adjusting conforms with adjoining properties and performing cleanup activities over this next couple of weeks.

We thank you for your understanding and patience as we proceed to complete this project to improve our community.

Street Sweeping Schedule Change Starting October 6th

Effective October 6th the Public Works Drainage & Water Pollution Control Division will be conducting a 60-day trial period adjusting the City's street sweeping schedule.

This will only affect the current Monday schedule for Sterling Downs, Homeview and Downtown Neighborhoods. The Department will evaluate the effectiveness of this change, and if the program meets its objectives the change will be made permanent. **The following schedule will start October 6th:**

- **Sterling Downs and Homeview neighborhoods will be swept on Wednesdays (*instead of Mondays*) starting October 7th, every other week.**
- **Downtown neighborhood will be swept on Fridays (*instead of Mondays*) starting October 9th, then every other week.**

The Department will also be conducting enhanced sweeping in the retail/commercial/industrial areas 3 times per week prior to sweeping of residential areas. This enhanced sweeping is part of the Municipal Regional Permit (MRP) to help reduce litter and pollutants from entering our waterways.

For more information, visit the **City's Street Sweeping Webpage** [HERE](#) or contact Public Works at 650-595-7425.

"My Belmont" Mobile App

The City of Belmont is proud to present to the community a new mobile app!

Belmont's new mobile app, called "My Belmont," can be downloaded to your smartphone. So now you can get be in touch with the city from your phone, wherever you go! Please join the effort to continually improve engagement between Belmont residents and City Hall by downloading the "My Belmont" app today!

The "My Belmont" mobile app enables you to:

- Submit non-emergency service requests (pothole, noise complaints, etc.) directly to the City, where it will be instantly routed to the correct person in the appropriate department. This means your service requests will be responded to quickly and efficiently, and you'll be notified the instant they are resolved!
- Also, use the app to browse the City's Website, Calendar, News, and other information.
- Download it today! [iPhone App Store](#) | [Google Play Store](#) | Or [submit your request from your browser, at: www.belmont.gov/311](http://www.belmont.gov/311)
- Also, [see this video for more info:](#)

[Click here for another Video about the "Public Stuff" mobile app](#)

Council Approves Public Outreach Process for Modernizing - Residential Development Standards and Tree Regulations

The City has been working on providing homeowners with a more streamlined, affordable and predictable approval process for those owners who would like to improve their single family homes. This effort was initiated in March 2014, and after more than a year of concentrated evaluation, significant public input, and numerous public meetings, modifications have been identified in the following general categories:

- Single Family Design Review Standards, General Regulations and Definitions
- Tree Protection Updates
- Parking Regulations
- Secondary Dwelling Unit Requirements
- Maximum Building Floor Area

At the August 24th Council Meeting, the Council determined that they were seeking additional public outreach for the residential development standards and tree regulations project as follows:

Notification. A citywide mailer would be sent to all single family residential households within the city. This mailer will include a basic description of the proposed amendments, schedule, and information on how to obtain more detailed information (i.e., city website and contact phone numbers) and how to stay involved.

Website & Social Media. Evaluate and enhance the City's website, and leverage social media for updates and details about the modifications. The schedule will be kept current, a dedicated email address will be provided for questions or comments to staff, answers to frequently ask questions (FAQs) will be posted.

Community Engagement Workshop. Community Engagement Workshops (minimum of 2) will be scheduled where residents will be provided with information regarding the proposed modifications and they will have the opportunity to dialogue and provide feedback. A staff presentation will include a discussion of why the ordinances are proposed for modification, what provisions are proposed for modification, and how these modifications could be achieved (implemented). A facilitator will work with attendees to review and comment on the proposed modifications. Staff and the facilitator will also answer questions and collect public feedback.

Commission Meetings. Public Hearings before the Planning and Parks & Recreation Commissions, as applicable; it is anticipated that hearing review could occur by category. Commissions will provide recommendations to the City Council on the proposed amendments. In addition, individual notification will be provided to those that request it (email notification recommended).

Next Steps for Residential Development Standards and Tree Regulations

The exact timing for the project will be dependent on how the categories are grouped, and revisions that may occur during the process. In addition, some review categories may move

quicker than others, so Public Hearings could be occurring for some categories while other categories are still under review (i.e., the overall process for all of the ordinance amendments may not be linear). In general terms, the process will ideally occur as follows:

1. Mailing flyer and updating website – (September/October 2015)
2. Community Engagement Workshop – (October/November 2015)
3. Planning/Parks and Recreation Commissions & City Council Hearings – (Fall 2015/Early 2016)
4. Completion of modifications - (Early 2016)

The City will continue to update its website with information as it becomes available. Please stay tuned and stay involved.

Please use the link below to view the current amended ordinances under consideration or just go to the Community Development Department's homepage on the City's website at www.Belmont.gov for more information.

[2014 Residential Zoning and Tree Ordinance Amendments](#)

(This page will be updated as more information becomes available)

- Damon DiDonato, Senior Planner, (650) 637-2908 ddidonato@belmont.gov
- Carlos de Melo, Com. Development Director, (650) 595-7440 cdemelo@belmont.gov

Twin Pines Senior Center

A group of approximately ten seniors are participating in a Tai Chi class in a large, well-lit room with wooden floors and large windows. They are all performing a synchronized movement, with one arm extended forward and the other bent. The room has a high ceiling with recessed lights and decorative wall fixtures. In the background, there are tables covered with yellow cloths and chairs, suggesting a dining or common area. The overall atmosphere is calm and focused.

This week's attendance: 45

First Movie Night in the Park Success, One More Next Week if You Missed It

The first of two movie nights took place Friday August 28th in the meadow, a thank you to all those that came out to enjoy this event. It was a great turnout and wonderful to see the Belmont community come together and spend some quality time outdoors.

We are hopeful for another great turn out for our next movie which takes place on Friday, September 11th.

A vibrant poster for "Movies in the Park" set against a night sky with a full moon and trees. At the top, a sign reads "THE CITY OF BELMONT PRESENTS". Below this, the title "MOVIES IN THE PARK" is written in large, glowing, 3D letters. A central sign lists the movies: "GHOSTBUSTERS FRIDAY, AUGUST 28 8PM" and "FINDING NEMO FRIDAY, SEPTEMBER 11 7:30PM". To the left is the Ghostbusters logo, and to the right is a movie poster for "Finding Nemo". A banner at the bottom states "ADMISSION IS FREE!".

Maintenance Work Performed by Parks Crews

Several irrigation repairs were conducted at Barrett Community Center. A aging irrigation line was replaced in the lawn near the Community Learning Center. A water mainline was repaired in the roadway at the entrance to Barrett from Ralston Avenue.

Along Hiller Avenue, several trees were pruned for pedestrian clearance. Occasionally these trees will grow into the sidewalk and roadway making passage unsafe. In the attached photo two palm trees have been cleared of dead fronds and opened up allowing for sunlight and fresh air to pass through the trees.

City Wide Project Updates

Public Works Staff Responds Quickly to Paint Spill

The Public Works Storm Operations Division crews responded to a call of a paint spill on Adelaide Way on Thursday, September 3rd. Upon arrival, crews discovered white, water-based paint along the curb and in the storm drain and took proper measures to contain the spill. The city vactor truck was used to vacuum the discharge and prevent it from going further into the storm drain system. The storm drain line and inlet was cleaned and granular absorbent was used to clean the street curb and gutter.

Illicit discharge-water-based paint in Storm Drain

discharge contained in gutter with granual absorbent

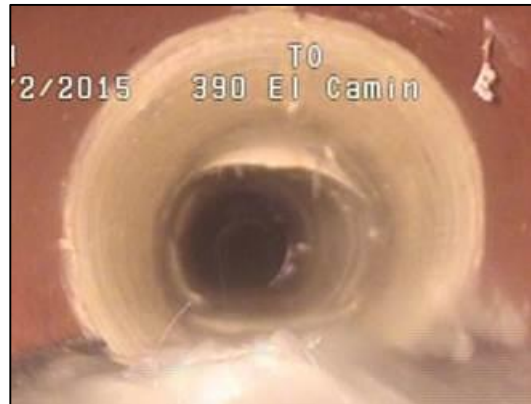

Vactor Truck used to vacuum paint from storm drain and street gutter.

Sewer Pipe Receives Patch

As part of the City's routine video inspection of the City's sewer collection system, Public Works crews discovered two holes in the sewer main in front of 390 El Camino Real near Davey Glen Road. Sewer maintenance staff patched the defective pipe area using the "Pipe Patch" method; a trenchless one-piece jointless, seamless, pipe within a pipe that seals the pipe from within for smaller pipe repairs. This process is a cost effective trenchless technology and replaces the need to dig out the area for the needed repairs. The photos below were taken by robotic camera inside the pipe before and after pipe patch was placed.

Damaged pipe before trenchless repair

Sewer pipe after trenchless repair

Traffic Operations

- Performed weekly visual inspections for preventative maintenance of intersections
- Conducted visual inspection of lighted crosswalks
- Banners 1 Down, 2 Up
- Reset roadway delineators on Island parkway
- Manufactured 6 new signs
- Installed street light pole on Wakefield Drive that was removed to facilitate water main repair
- Installed 16 LED lantern style street lights
- Provided portable generator training for Ralston Ranch pumping station
- Dropped off and picked up barricades from temporary street closure on Middlesex
- Installed 3 new "NO U-TURN" time limit signs on Buena Vista
- Assisted street crew with paving
- Preped Traffic counters for installation in support of the Engineering Division
- Attended Sanitary Sewer Overflow (SSO) training

Annual City-Wide Red Curb Painting

The Department of Public Works is currently conducting the annual city-wide red curb painting of existing red curb in residential neighborhoods. Repainting will be performed in scheduled sections of the city and will continue until the repainting is complete.

******Please note:** depending on the section "boundary", your property may be in one section and your neighbor in another, therefore the red curb repainting will happen on a different day. For further information, you may contact the Public Works Department at 650-595-7425.

Streets Division

- Marked out 15 Underground Service Alert tags
- Sawcut at 4 locations for upcoming digouts
- Dug out 9.73 tons of alligated asphalt in front of 2000 Monroe
- Compacted the base and oiled the patch
- Applied 9 tons of hot AC in 2 lifts compacted with the roller

Storm Division

- Performed twice-weekly inspection of Water Dog Lake roadway, dam, v-ditch, and dock
- Swept 154 curb miles resulting in the collection of 13.45 tons of debris collected which would have otherwise made its way into waterways
- Video inspected 398 feet of storm line
- Inspected 34 Drain Inlets
- Inspected 13 Storm Manholes through the use of the camera van
- Inspected and cleaned both Harbor and Ralston Storm Pump Stations
- Cleared overgrowth from Belmont Creek between El Camino Real and Old County Road

Sewer Division

- Inspected and cleaned 11 sewer pump stations
- The service truck (205) responded to 11 service calls
- Checked and emptied 10 city garbage cans throughout the city
- Jetted (cleaned) 4,880 feet of sewer main
- Performed video inspection on 398 feet of sewer pipe
- Logged daily onsite pump runtime hours at all pump stations
- Cleaned debris catcher at Ralston Ranch pump station
- Repaired City sewer main in 2 spots on El Camino Real using trenchless pipe patch technology
- Compiled an "in need of repair" list for sewer main and sewer manholes for the next sewer repair project
- Attended training on SOP's (Standard Operating Procedures) for sanitary sewer overflows
- Helped cleanup illicit discharge of water-based paint on Adelaide

Belmont Creek Vegetation Cleared in Preparation for the Upcoming Rainy Season

The Public Works Storm Division crew cleared overgrown vegetation from Belmont Creek along Harbor Boulevard between El Camino Real and Old County Road this week. Maintenance staff removed over a ½ of ton of vegetation from the creek and which should provide increased capacity in the creek for the upcoming rainy season.

NDNU Students Conduct Cleanup

On Monday, August 31st, approximately 180 NDNU Freshmen students participated in their Community Service Day. Belmont Public Works provided cleanup supplies, and the Parks Department coordinated with students as they performed community service throughout the city.

The work included invasive plant removal, litter and debris pick-up, as well as shrub pruning. At Twin Pines Park, volunteers removed invasive ivy from tree trunks. At O'Donnell Park, large areas of pine needles were cleared from landscape beds. Non-native plants, litter and debris were removed from the Water Dog Open Space. Barrett Community Center received attention with weed removal and litter cleanup.

These volunteers, in giving their time and energy, support the community and are able to offer valuable assistance to the City of Belmont.

Thank you NDNU Freshmen students for your outstanding work in the community!

Garbage collected from Waterdog Lake area, O'Donnell Park, Twin Pines Park and Barrett.

California Coastal Cleanup Day-Belmont Creeks to Bay

This year's Annual California Coastal Cleanup Day-Belmont Creeks to Bay is just around the corner. Join your friends, neighbors and other organizations as we cleanup Belmont's waterways for this not-to-be-missed event! ***Saturday, September 19th from 9:00am to Noon @ One Twin Pines Lane.***
